

Hiring Freelance Talent

Incluzion is an online human capital marketplace designed to influence business growth through project based work.

The US workforce is shifting.

In the US, **freelance professionals** collectively earn **\$1.2 trillion dollars** each year performing **freelance, project, task, contract, consultant, temporary, or independent based work**. An estimated 30 million additional professionals will shed their titles & become freelancers by 2027. We have emerged as the only diversity-focused platform that facilitates work between companies, women freelance professionals and freelance professionals of color.

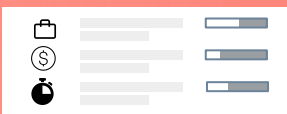

Through our talent marketplace, Incluzion connects employers with precisely the right skills at the right time.
